SPECIAL CONDITIONS
FOR CONTRACT #B6985 2014-2015
MUSICAL INSTRUMENTS

It is realized that specifications differ between manufacturers. When a manufacturer's model number is given it is intended to indicate the quality of the instrument, the design and composition, and features desired. Difference in specifications may be weighed by school district staff to determine the unit that best meets their needs, even though it may vary from the specifications stated on the Form of Proposal Worksheet. If there are variations in the current manufacturer's specifications and the information shown below, the current manufacturer's specifications will prevail. The instruments may be judged not only on cost, but also on availability of service, warranty period, features, and acceptance by staff, etc. Bidders must submit complete descriptive literature for the make and model bid if proposing other than the make and model specified.

Additional Expectations:

Bidders are to be authorized dealers for brands they are proposing

Bidders are to provide only top grade instruments- grade 'B', refurbished or flawed instruments are **NOT** acceptable

Bidders are to inspect and adjust all instruments prior to shipment

Bidders are to maintain repair shop facilities for warranty repairs, and are to make arrangements for and pay all shipping costs both ways if warranty work is required

VENDOR RESPONSE IS REQUIRED:

I have read and understand that I must meet all expectations listed above in order for my proposal to be accepted.
